

MAKE YOUR *apprenticeship* INTERVIEW A SUCCESS

Going for an apprenticeship interview is no different to any other job interview. See our top tips below to ensure you make your interview a success!

1 DON'T BE ON TIME, BE EARLY

First impressions are everything and you will need to make sure you leave enough time to travel. We suggest that you arrive 10 minutes early, this will show the employer you're willing and have great time-keeping skills.

2 RESEARCH THE COMPANY

Employers will ask you why you want to work for their organisation, so make sure you have an answer that will impress them. Look on the company's website to find out three things about them. For example, have they launched any new products or services recently or won any awards?

3 DRESS TO IMPRESS

You can never look too smart and any employer will be impressed that you've made an effort. Make sure you really think about what you are wearing and what it says about you. If you take care of your appearance, your employer will assume that you will pay attention to your work.

4 BE BUBBLY AND POSITIVE

Look forward to your interview. You've already done so well to come this far! Be enthusiastic, bubbly and positive. Employers love enthusiastic people, you'll leave a longer lasting impression and be more memorable if you're happy.

5 BE HONEST

If you don't know the answer to a question, don't make it up. Be honest and tell the employer you will do your research, get back to them and show them that you're willing to learn.

6 BE YOURSELF

The most important piece of advice we can give you is to be yourself. You're the one who's secured yourself the interview, be proud and go for it!

7 KEEP TRYING

Apply for as many apprenticeships as you can. If you don't get the first job you go for, keep trying. The right job will come along for you!
