15th May 2020

Dear Parents and Carers

I hope you have all had a good week and managed to enjoy some of the sunshine.

We are still awaiting further guidance on how and when the year 10 children will be able to experience some face to face time with their teachers in the final weeks before the summer holidays. Once we receive any information, I will be sure to pass this onto you.

In the meantime, Mr Emerson and I have been working on ways in which we can develop the online learning for children; hopefully you will see the benefits of this over the coming weeks. This includes clearer instructions for the children to see what is expected of them on each day and their expectation on submitting work to their teachers. It is our aim that every parent and child will have spoken to a member of school staff by half term although I am aware many of you have experienced far more direct one to one contact with staff already.

Once again I would like to thank you all for your efforts in supporting your children with their home learning. Have a good weekend.

Kind regards

Mr Alexander
Head of School
