SOCIOLOGY

This week the children studying Sociology in Years 9 and 10 have been looking into the Black Lives Matter protests. We have been amazed at the quality of work that has been produced. The passion and zeal shown by our children has been staggering. We have received poems, artwork, essays and heartfelt pieces of work that once again show that our children are engaged in current events, and they often produce content that is mature, informed and thought provoking. Bertram Bramham wrote that these protests are helping to "change the norms and values of our societies". Anya Sedgwick wrote that racism is like a traffic jam in that it prevents society from getting where it needs to go. These children also produced notable contributions:

Year 9

- Eva Peters
- Sam Potten
- Eleanor Warner
- Erin Cosens
- Nyah Fisher
- Jessica Leary

Year 10

- Niamh Parker
- Tilleigh Brubaker
- Jamie Bunn
- Madeline Howland
- Ruby Church
- Alisha Haider

An excellent poem written by Erin Cosens as part of her Sociology work:

Black Lives Matter

*Red and blue lights cover them like a body bag.
If only the men in blue had the decency to not let it end up this bad.
"I can't breathe" said Eric Garner eleven times in 2014.
It has happened again.
"I can't breathe" said George Floyd in May of this year.*

*If you care more about the lootings than the lives that have been lost,
Or if you worry more about the protests than the men that have been shot,
Ignorance does NOT equate to lack of empathy,
You are part of the problem and this movement will let you see.*

*You post "I'm not racist" but what does that do?
You may be white but we need to help too.
This isn't a # or a trend, it is a revolution and this movement will let you see,
Black Lives Matter, let people live free.*
