

How to Turn Off Location Settings in Snapchat

Parent-friendly step-by-step guide

Step 1: Open Snapchat

- Tap the Snapchat app on your phone.
- Make sure your child is using the correct account.

Step 2: Go to Profile

- Tap the Bitmoji/profile icon (top left).
- This takes you to the account settings area.

Step 3: Open Settings

- Tap the settings () icon (top right).
- All privacy and safety settings are found here.

Step 4: Find Location Settings

- Scroll to 'See My Location'.
- This controls who can see where you are.

Step 5: Turn On Ghost Mode

- Enable 'Ghost Mode' to hide location.
- This is the safest option for children.

Alternative: Phone Settings

- Turn off Snapchat location in phone settings.
- Go to Privacy > Location Services > Snapchat > set to 'Never'.
