17th August 2021

Dear Parents and Carers

As mentioned last term, it is a requirement from the Government that the children are COVID tested twice in a controlled environment prior to starting school. Please see the separate schedule for each form group's testing slots.

The children will only be required to come in for their test, after which they may return home. Recent guidance states these test kits may only require nasal swabbing.

We will refer to the previous testing consents. Please only contact us if you would like to change your consent status or if your child has tested positive in the last 90days as they will be exempt from testing (unless they develop symptoms). If you need to contact us please e-mail info@reigate-school.surrey.sch.uk.

Due to the testing, the start dates for the beginning of term have now moved back as below, we will be starting on Week 1's timetable.

Years 8-11 Wednesday 8th September - start time of 8.45am

Enjoy the rest of your summer break.

Best wishes

Mr Alexander
Head of School
