## EMOTIONAL WELLBEING AND MENTAL HEALTH

### Welcoming the Newest Recruit!

The value of having an animal in school is becoming widely recognised as contributing positively to people's well-being. Studies have shown that the presence of companion animals can lower rates of anxiety creating calmer states of mind. Many schools have been embracing the benefits of welcoming dogs to their site including other schools in our Greensand MAT.

Therefore, after much research and consideration, Reigate School Governors have agreed for us to do the same.

The dog (Brac) owned by our SENCO and Assistant Headteacher, is very well socialised and has lots of experience of going into school – he is now 20 months old and has been a 'dog in school' at his 'hooman's' place of work since he was 4 months old. He has a type of coat which creates very little dander, to the extent that it is often described as hypo-allergenic and was one of the considerations when making the decision to have him on site.

The plan in the first instance is for Brac to be a 'dog in school' one day a week. This does not require him to be 'working' with children, although he will be walked around the school site and be a presence in some areas during the school day with Mrs Stokes. Over time, the aim is to enable children with parental permission to interact with him through reading programmes as well as learning how to behave around animals and look after them. This would all be done with appropriate supervision.

Please look out for the letter that you will receive soon. A full risk assessment has been prepared and is available from the school.

## RE ONLINE BLOG

### YEAR 7 PEDESTRIAN SAFETY THEATRE IN EDUCATION EVENT

Surrey County Council's Safer Travel Team has commissioned Performance in Education to offer Reigate School their Year 7 Pedestrian Safety Education Programme, "Streetwise". The performance and workshop use multimedia, mask work and live action to engage Year 7 children to improve their safety when using the roads.

The performance is a live-streamed event, for the entire YEAR 7 cohort and will take place at **9am on 26<sup>th</sup> March**. Children are to arrive to school (government guidelines permitting) for registration where they will then be further directed.

"Streetwise" is designed to:

- ✓ **Raise awareness** of the dangers of distractions when using the road system as a pedestrian, e.g. using mobile phones, mp3 players or messing around with mates
- ✓ **Identify risks** that children may take around roads and their consequences
- ✓ **Create real-life strategies** to overcome peer pressure and peer influence around poor road safety
- ✓ **Encourage** the use of school crossing patrols, zebra crossings, pedestrian light-controlled crossing and to ask for help when it's needed
- ✓ **Increase** the children's knowledge of how to remain safe when using the roads and have the confidence to continue using this information
- ✓ **Leave a Legacy** of improved road safety

"They had every learner engaged which was fantastic to see" - **Teacher, Christ's College, Guildford**

Our work changes behaviour and attitudes, addresses key areas within the National Curriculum and helps to keep children safe.

Here's some of our feedback from our previous tours of "Streetwise" in Surrey:

*"I just wanted to say how impressed we were with the performance today! The students loved it and I really think they took the message on board."* - **Guildford County School**

*"A very professional, very confident young team that engaged fully with our students from start to finish."* - **Kings International College**

We hope you find the project helpful and informative.

Yours sincerely

Performance in Education

## PARTNER SCHOOL ADMISSIONS 2021/22

East Surrey College and Reigate College are pleased to announce that for September 2021 applicants there will be one online application process for their Partner Schools – De Stafford School, Oakwood School, Reigate School and The Warwick School. This is for all full-time courses and apprenticeships.

Your son or daughter will receive information through their school in September 2020 which will enable them to apply to both Colleges online, whilst only filling in one application form which will be submitted to the relevant College(s). The Colleges will then request one reference from the school and arrange interview dates at one or both Colleges so that the pupils will be in a position to make a decision on which College to attend by January 2021.

The rationale for the one online application process is to make it easier for your son or daughter to apply to one or both Colleges on one online form without having to replicate information. It also allows the Colleges and schools to fulfil their legal obligations of tracking students to ensure all students are engaged in either education or work with training up to the age of 18.

The Colleges are looking forward to working with you and hope that the transition from school to College will be a smooth one. If you or your son or daughter have any queries about transition to College at 16+, please contact your Head of Year or Careers Advisor at school.
