PSHE DROP DOWN WORKSHOPS

Our brand new, comprehensive Personal, Social, Health and Economic (PSHE) education programme, that launched in September, has been received positively by many children across all year groups and the dedicated team of Lifeskills staff delivering this bespoke provision.

To ensure our children receive a broad and balanced curriculum additional workshops are scheduled, for a full day this year, to supplement some key topic areas to include: drugs and alcohol, extremism, gang/knife crime and relationships and sex education (RSE*). These workshops will be in line with Government guidance, led by experienced, credible, external speakers and tailored to the needs of all children. Resources and workshop discussions will be age and developmentally appropriate. Workshops are planned to be delivered in person but if government restrictions don't allow for this, the sessions will go ahead remotely through a live presentation.

Prior to the workshops, the speakers leading them will host a parent webinar for you to join where you will learn more about the content of each workshop and have the opportunity to ask any questions. **We will send webinar sign-up details nearer the time.**

PERFORMANCE IN
EDUCATION

SURREY
COUNTY COUNCIL

YEAR 7 PEDESTRIAN SAFETY THEATRE IN EDUCATION EVENT

Surrey County Council's Safer Travel Team has commissioned Performance in Education to offer Reigate School their Year 7 Pedestrian Safety Education Programme, "Streetwise". The performance and workshop use multimedia, mask work and live action to engage Year 7 children to improve their safety when using the roads.

The performance is a live-streamed event, for the entire YEAR 7 cohort and will take place at **9am on 26th March**. Children are to arrive to school (government guidelines permitting) for registration where they will then be further directed.

"Streetwise" is designed to:

- ✓ **Raise awareness** of the dangers of distractions when using the road system as a pedestrian, e.g. using mobile phones, mp3 players or messing around with mates
- ✓ **Identify risks** that children may take around roads and their consequences
- ✓ **Create real-life strategies** to overcome peer pressure and peer influence around poor road safety
- ✓ **Encourage** the use of school crossing patrols, zebra crossings, pedestrian light-controlled crossing and to ask for help when it's needed
- ✓ **Increase** the children's knowledge of how to remain safe when using the roads and have the confidence to continue using this information
- ✓ **Leave a Legacy** of improved road safety

"They had every learner engaged which was fantastic to see" - *Teacher, Christ's College, Guildford*

Our work changes behaviour and attitudes, addresses key areas within the National Curriculum and helps to keep children safe.

Here's some of our feedback from our previous tours of "Streetwise" in Surrey:

"I just wanted to say how impressed we were with the performance today! The students loved it and I really think they took the message on board." - Guildford County School

"A very professional, very confident young team that engaged fully with our students from start to finish." - Kings International College

We hope you find the project helpful and informative.

Yours sincerely

PARTNER SCHOOL COLLEGE ADMISSIONS 2021/2022

reigate.college

PARTNER SCHOOL ADMISSIONS 2021/22

East Surrey College and Reigate College are pleased to announce that for September 2021 applicants there will be one online application process for their Partner Schools – De Stafford School, Oakwood School, Reigate School and The Warwick School. This is for all full-time courses and apprenticeships.

Your son or daughter will receive information through their school in September 2020 which will enable them to apply to both Colleges online, whilst only filling in one application form which will be submitted to the relevant College(s). The Colleges will then request one reference from the school and arrange interview dates at one or both Colleges so that the pupils will be in a position to make a decision on which College to attend by January 2021.

The rationale for the one online application process is to make it easier for your son or daughter to apply to one or both Colleges on one online form without having to replicate information. It also allows the Colleges and schools to fulfil their legal obligations of tracking students to ensure all students are engaged in either education or work with training up to the age of 18.

The Colleges are looking forward to working with you and hope that the transition from school to College will be a smooth one. If you or your son or daughter have any queries about transition to College at 16+, please contact your Head of Year or Careers Advisor at school.
