MESSAGE FROM THE HEAD OF SCHOOL

The votes have been counted and we now have four House names for the new Reigate School House system. A report with the House names and further details on the House system is in this newsletter.

We have a full newsletter this week with lots of work that the children have been completing in Art. Well done to all of the children who took part in the UK Maths challenge, it is great to see so many taking part and good luck to those children who have moved onto the next round.

Good luck to the Year 10s who start their mock exams on Monday.

Stay safe and well.

Mr Alexander

SPOTLIGHT

YEAR 7

Bobby-Wheeler Eves for excellent improvement in lessons- well done Bobby!

YEAR 8

Lois Humphreys for her commitment when preparing for the 2nd round in the UK Maths Challenge.

YEAR 9

9A GCSE PE for all of their excellent work this term.

YEAR 10

Archie Lovell-Lawson for his positive attitude towards learning maths when preparing for his first Mock Exams.

THE STUDENT LEADERSHIP TEAM

Thank you to Henry (Head Boy), Amelia (Head Girl), Anya (Deputy Head Girl), Abigail (Deputy Head Girl), Sam (Deputy Head Boy) and Cailen (Deputy Head Boy) who met our new colleagues at Reception on arrival for their Induction Day and escorted them over to the training room. They delivered an introduction to Reigate School to the new members of staff. They all spoke with great confidence and passion about the school. They communicated their roles brilliantly and helped to set the tone for the day.

Well done!

I am pleased to announce that further to a number of student activities regarding our House system next year, as a result of a student vote we now have our 4 new House names: **PARKS**, **TURING**, **CURIE** & **ATTENBOROUGH**.

These are named after positive role models, namely Rosa Parks, Alan Turing, Marie Curie and David Attenborough. There was an excellent turnout on the voting, and after a wide number of suggestions from the student voice these were the clear winners. The House system will underpin and further embed our school Values, and form an important part of how we develop character in our children. Further information on the backgrounds of each of these people is found below.

In tandem with this, we have now started the process of student leadership applications for House Leaders and Captains, which will create 40 visible and high profile student leaders across the school. We have received a high number of excellently written applications and will be shortlisting candidates soon. All children and staff will be allocated to a House in September.

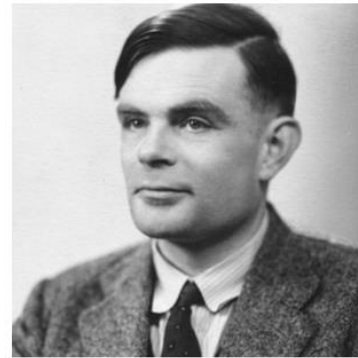

Mr Harvey
Deputy Headteacher

PARKS

Rosa Parks (born February 4, 1913, Tuskegee, Alabama, U.S.—died October 24, 2005, Detroit, Michigan). American civil rights activist who helped initiate the civil rights movement in the United States when she refused to give up her seat to a white man on a Montgomery, Alabama bus in 1955. Her actions inspired the leaders of the local Black community to organise the Montgomery Bus Boycott. Parks became a globally recognised symbol of dignity and strength in the struggle to end entrenched racial segregation. She spent her life promoting civil rights and helping those suffering from discrimination and injustice.

TURING

Alan Turing (born June 23, 1912, London, England—died June 7, 1954, Wilmslow, Cheshire) was a British mathematician and logician who made major contributions to mathematics, philosophy, computer science, artificial intelligence and artificial life. His ideas led to early versions of modern computing and helped win World War II. He is famous for his key role in the breaking of the German Enigma code during the Second World War. Turing is the first LGBT+ figure to appear on an English banknote (£50).

CURIE

Marie Curie (7 November 1867 – 4 July 1934) is remembered for her discovery of radium and polonium, and her huge contribution to finding treatments for cancer. Marie Curie was a Polish-born physicist and chemist and one of the most famous scientists of her time. Curie was the first woman to be she awarded the Nobel Prize in 1903, and she went on to win another in 1911. The Curies worked together investigating radioactivity. The Curie's research was crucial in the development of x-rays in surgery. During World War One Curie helped to equip ambulances with x-ray equipment, which she herself drove to the front lines. The International Red Cross made her head of its radiological service and she held training courses for medical orderlies and doctors in the new techniques. Curie has regularly topped polls for being amongst the most influential women to have changed the world.

ATTENBOROUGH

Sir David Attenborough (born May 8, 1926, London, England), English broadcaster, writer, and naturalist noted for his innovative educational television programs, especially the nine-part Life series. Attenborough oversaw the first ever-colour TV broadcasts in Europe. As the world's most famous and greatest naturalist, Sir David Attenborough has brought amazing wildlife (from around the world) to television screens for over 50 years. From series such as Life on Earth to Frozen Planet, his documentaries have inspired generations to learn more about the natural World. The work of this distinguished naturalist has transcended the world of television and made him one of the leading voices to defend the natural world and urge action on climate change.

Auditions to follow and date to be confirmed. Year 7 and 8 will have to be auditioned in year bubbles due to COVID-19 regulations. Any questions see Mr Kirby.

ARTIST OF THE WEEK

KEIRA FENTON

Keira has been working hard on her 'Structures' project. Here Keira has successfully experimented with traditional Japanese painting techniques using watercolours and flat head brushes. Next week Keira will be working from her own photographs to turn Reigate landscapes into Chinese style scenery. Well done and excellent series of pieces.

YEAR 7 ART

In Year 7 Art lessons this week we have been building clay sculptures. We have learnt how to use build 'relief' shapes and attach clay using slip and score techniques. Next week the coral inspired sculptures will be going into the kiln to be fired. We can't wait to see the results, well done Year 7!

YEAR 8 ART

In Year 8 we are working on the theme of past, present and future and relating it to the theme of still life. Here is a brilliant selection of artist studies by 8RA, who should be really proud of their superb oil pastel drawings!

PRIDE MONTH

Children from Years 8, 9 and 10 gave up their lunchbreaks to create a display board for Pride Month. Located in the English department, the board celebrates LGBTQ+ authors past and present. Thank you to the children for all of their hard work and enthusiasm in helping with the content and design.

WHAT BRAC DID.....

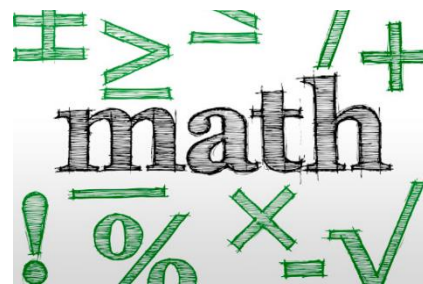

Well this week has been very hot so I have had to scale back my levels of activity which was a bit disappointing for me but I understand why. I did get to see some children at break time and rewarded them with my waggly tail. I also dutifully managed the gate at the end of the school day.

Hopefully it will be a bit cooler next week so I will be out and about a bit more.

VOCAB EXPRESS

Vocab Express is an online package that aims to help children learn vocabulary independently for French and Spanish. The children are motivated to compete by a points-based system. All the vocabulary on the website is from the AQA exam board word list and could potentially appear on their GCSE exam papers. The children have been given usernames and passwords by their class teachers.

CAREERS

We have a careers section on the school website which contains useful information regarding college open events, up and coming careers events at Reigate School, details regarding apprenticeships and how to search and apply for them along with links to useful websites. There is also a link to a quiz which is fun to take and will give children an idea of what kind of careers will suit their personalities. Go to Academic-Careers or Academic-Option at post 16 for details of local college open events. Below are some other very useful websites which have plenty of information regarding further education, apprenticeships and careers choices plus interview techniques and many other tips.

College Open Events taking place at East Surrey College and Merrist Wood College

East Surrey College – Monday 21st and Wednesday 23rd June

The banner features a young man with dreadlocks smiling and holding a camera. In the top left corner is the East Surrey College logo, which includes a stylized 'E' and 'S' and the text 'EAST SURREY COLLEGE' and 'ORBITAL SOUTH COLLEGES'. A large black banner with white text reads 'Open Events'. Below this, a white box contains the dates 'Mon 21 & Wed 23 June' and the time '16:00-19:00'. A green banner at the bottom of the image says 'ONLINE BOOKING ESSENTIAL'. In the bottom right corner, the website 'www.esc.ac.uk' is displayed. At the very bottom, the address 'East Surrey College, Gatton Point, London Road, Redhill, Surrey RH1 2JX' is written. A circular badge on the left side says 'visit US ONSITE' with a note '*Subject to lockdown restrictions easing'.

MERRIST WOOD COLLEGE

Merrist Wood College – Saturday 3rd July

•Our multi-award winning 400-acre Merrist Wood College is hosting an Open Event just for Y10 students on the morning of Saturday 3rd July. We are offering small group tours and taster sessions from 9.30am which will last approximately 1 hour and will take you all around the campus. Various start times are available.

•Our courses at Merrist Wood College fill up very quickly once applications open and so we wanted to give any Y10 students and parents/ carers the opportunity to visit the campus and get a feel for what it's like to study in our 400-acre estate with woodlands, wetlands, livestock, gardens and grasslands, as well as a campus nursery, workshops and design studios. If any of your students are looking to follow a career in a land-based industry, there is no better place than Merrist Wood College. Anyone who attends the morning will be given a link for application when they open in October 2021.

New Mental Health Crisis Line

A new 24/7 mental health crisis line for children, young people and their families and carers in Surrey has launched.

The freephone number - **0800 915 4644** – is available for children and young people up to the age of 18, including those with Special Educational Needs and Disability (SEND).

The new crisis line provides emotional wellbeing support, advice, and signposting to a range of community services for children, young people and their families and carers who are in a mental health crisis. The number is available to those who are already receiving mental health services, and also for those who are not. No referral is needed.

The crisis line is staffed by a team of experienced, trained call handlers and mental health nurses.

A key aim of the crisis line is to help support young people, carers and families within their own homes and in the community and, whenever possible, help avoid the need for children and young people to go to hospital in a crisis.

SAFEGUARDING

Thinkuknow is an education programme from the National Crime Agency's CEOP Command. Since 2006, Thinkuknow has been keeping children and young people safe by providing education about sexual abuse and sexual exploitation. Thinkuknow is unique. It is underpinned by the latest intelligence about child sex offending from CEOP Command. Thinkuknow aims to ensure that everyone has access to this practical information – children, young people, their parents and carers and the professionals who work with them. Alongside the Thinkuknow website the programme provides educational resources, including films, cartoons and lesson plans, to help parent/carers and professionals raise young people's awareness. <https://www.thinkuknow.co.uk>
